NM Onboarding Professional Development Matrix

for the

Treatment Court Coordinator

Prepared especially for

Name & Position

Thank you for joining our statewide problem solving court initiative and agreeing to invest your professional expertise as part of a local multidisciplinary team. To help you understand your role and prepare you for the greatest engagement possible, we have created a list of recommended training topics for you to complete as your schedule permits. The primary training sessions are listed in the first section below and we encourage you to complete these within 60 days of joining the team.

DIRECTIONS: Go to www.treatmentcourts.org and register if you have not ever done so. Click on the Adult Drug Courts icon. This will take you to a course index. Click on Adult Drug Court: Lessons. More than thirty-five (35) different topics will be offered.

As you complete the various training topics, you will be required to complete a quiz. Once you have passed the quiz, you will receive a certificate, which will need to be signed, dated, and documented on your program training log. If your position is funded by TSD, your certificate will need to be sent to the Statewide Program Manager who will document completion on the master training log.

Maintaining a training log will not only help you keep track of your team's progress, but will also serve as documentation for program certification.

If you have any questions as you work your way through the online training topics below, please reach out to our Department for Therapeutic Justice (DTJ) team at aoctc-grp@nmcourts.gov and ask any question you have. We will be happy to assist.
